

LABORATORY ASSISTANT

The Lake County Department of Utilities is accepting resumes for the position of Laboratory Assistant in a wastewater treatment plant laboratory. The applicant must possess at least six months of general laboratory experience, or completion of a recognized course for laboratory techniques, or college courses in chemistry or biology. Applicants need to be knowledgeable in techniques, chemistry, occupational hazards and safety precautions in a laboratory. Knowledge of mathematics, recordkeeping and data entry is preferred. A background in wastewater analysis is desirable. A valid Ohio driver's license is required. Starting salary \$16.53hr. Send resumes by October 4, 2013 to: William A. Margalis, Director of Administrative Services, 105 Main Street, Painesville, OH. 44077.
